My name is Dr. Lydia Hughes- Evans. I'm the Owner of Pure Momentum Consulting, LLC. I support nonprofit agencies to fine tune their Systems, and empower their Staff. As a professional speaker, I also coach and train on a variety of topics regarding nonprofit sustainability and legacy. In fact, I wrote the book Organizational Poverty, which provides practical tips for nonprofits to operate from a state of abundance. As a result of my work, my clients report increased clarity, strategic direction, aligned systems, and increased impact.

I WORK WITH NONPROFIT LEADERS WHO WANT TO DEVELOP STRONGER TEAMS, AND EXPAND THEIR IMPACT.
